

What Are Planaria?

Planaria Geoplanidae, 3 cm (02), by Xavier Japiot – Own work, CC BY-SA 3.0.

INTRODUCTION

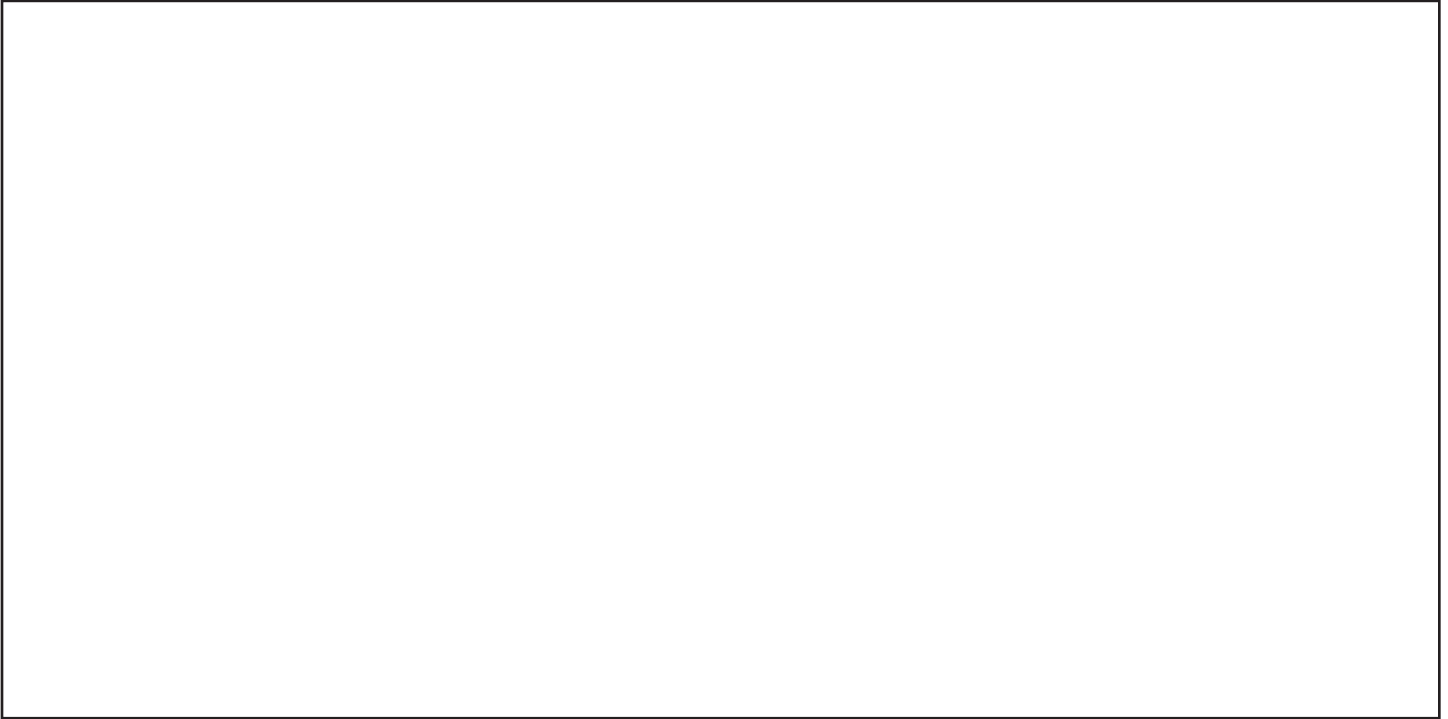

Have you ever seen planaria before? Do you know what they are? Do the activities on this sheet to help you learn more about them.

QUESTIONS

How long is the planarian you see? Use a ruler to measure it.

Write about or draw what the planarian looks like.

Describe how the planarian moves. You can write or draw what you see.

**Now look at the planarian under a microscope. What does it look like now?
Write or draw what you see.**
